

Appalachian Landscape Conservation Cooperative

Working to protect and sustain the valued resources and biodiversity of the Appalachians

Release of Future Energy Development across the Appalachians

Coordinated strategy & Outreach with TNC and FWS

Hill Visit

Sustained engagement after release

Riparian Restoration Tool Engagement

Demonstration at EBTJV annual meeting

Promoted by partners/published by Penn Live

"Safeguarding Wildlife from Climate Change" webinar

Workshops to Deliver Tools

Awareness Delivery →

Regional Workshops

Enhance technical understanding, outcomes, success stories

Success stories → **re-engage stakeholders**

Tennessee River Basin Partnership

Dedicated web presence/workspace

Site for all resources on the TN River Partnership

Web Portal Redesign

Reorganizing & simplifying tab structure

New home page design

Input from Steering Committee

Web Portal Redesign

Reorganizing & simplifying tab structure

New home page design

Input from Steering Committee

The screenshot shows a redesigned web portal homepage. At the top, there are navigation tabs for 'Home', 'About Us', 'Programs', 'Partners', and 'Resources'. Below the tabs, the main content area is divided into two columns: 'News and Announcements' and 'Upcoming Events'. The 'News and Announcements' section includes articles such as 'Goodiversity Key to Conserving Biodiversity Under Climate Change' and 'Partnership benefits from Kentucky workshope'. The 'Upcoming Events' section lists 'Environmental Educators Update Breakfast on LCE' and 'National Adaptation Forum'. Below these sections is a 'Learn more about our Community' section with three featured tiles: 'Tennessee River Basin Partnership', 'Partners and Events Showcase Story', and 'Wilderness to Domestic Species Spotlight'. The footer contains 'Resources' (Plan, Work, News, Research, Projects) and 'Help' (Home, About Us, Contact Us, Privacy Policy, Accessibility, Us, Site Map, Accessibility, Contact Us, Conditions of Membership).

Next Steps

- Workshops for delivering Energy Assessment and Riparian Restoration tools
- Tennessee River Basin Partnership
- Finalize and implement new Web Portal structure
- Continued development of key products
- Continued coordination with partners
